RE: Parking Lot Updates

Starting next week crews will begin resurfacing our parking lot. During this project, portions of the parking lot will be unavailable while the work is done in sections. As the project culminates in late September/early October, the course will be closed for a few days (exact dates to be determined). During this closure, our grounds staff will be aerifying greens to not inconvenience golfers a second time by having to close twice in a short period of time.

We apologize for the disruption. Overflow parking will be on East Street and in the maintenance parking lot. This much needed update will add a few parking spaces and will be a nice improvement to the property! If you have any concerns, please do not hesitate to reach out to me personally at jeff.plasschaert@appleton.org.

Thank you for your patronage and we look forward to seeing you at the course this fall!

Jeff Plasschaert
Golf Course Superintendent
